

RENAISSANCE AFRICA ENERGY COMPANY LIMITED

TENDER OPPORTUNITY: PROVISION OF SMART AND CONVENTIONAL WELL COMPLETIONS - CW68354

(NipeX Tender No: RAEC.00000024)

1.0 INTRODUCTION

Renaissance Africa Energy Company Limited (Renaissance) hereby invites reputable and competent Nigerian Companies with the requisite expertise, experience, skilled manpower and technology to apply to be considered for inclusion in the bid list for the above contract

2.0 SCOPE OF WORK/SERVICE REQUIREMENT

The Provision of Smart and Conventional (Normal and High-Pressure High Temperature) Well Completions contract requires the contractor to supply specialist equipment, complex systems, and qualified personnel to execute both conventional and intelligent well completion activities. This ensures safe and reliable well performance across normal and high-pressure regimes on land, swamp and Shallow offshore Terrains. The scope is delivered through structured modules that support Completions, production, injection, system control, and long-term operability. The contract will be divided into the following modules:

- Normal Pressure Completions Systems.
- High Pressure Completions Systems.
- SMART Well and Downhole Pressure Gauge Systems.
- Wireless Pressure Gauges Systems.
- Through Tubing Intervention and Specialized systems

Key responsibilities include installing completion and injection systems, developing service designs, deploying SMART equipment with remotely operated ICVs, integrating downhole and surface valve and monitoring systems, providing surface control and data-acquisition units, maintaining required equipment and spares, and commissioning data-monitoring systems to support Renaissance's SMART well operations.

3.0 MANDATORY REQUIREMENTS

1. To be eligible for this tender exercise, interested contractors are required to be pre-qualified in the Product/Service category in the NipeX Joint Qualification System (NJQS) below.
